JUNIOR CODING WITH SCRATCH®

Grades 2-5

STEM Coding Enrichment for the 21st Century learner. Each {YEL!} Coding class follows four basic components: **•Teach It!**...Students learn different coding techniques (movement blocks, loops, switches, etc.). **•Code It!**... Students use Scratch®* to code their own animated story lines: i.e. westerns, missions in space and even dance parties. **•Explore It!**...Students can write their own code, experiment with it and test new options. We foster a collaborative environment where students learn from each other's creativity. **•Keep It!**...Students keep their code online with Scratch® and can access it and expand upon it at anytime.

*Scratch® is an MIT created and monitored, kid-safe web interface. It uses a drag and drop programming interface to teach students of all levels coding practices. Your child will receive a Scratch® user name and password so they can access their projects from any computer at anytime. Scratch® is not affiliated with {YEL!} nor does it endorse this program.
