Directory information is by law, considered public information. Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local school districts receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request for juniors and seniors, with three directory information categories – names, address and telephone listings – unless parents have advised the school district that they do not want their student's information disclosed without their prior written consent.

The Lakeville Area School District Policy 515, relating to this matter, may be obtained on the district website at: <http://www.isd194.k12.mn.us>
