MIDDLE SCHOOL CLUBS
2017-2018
CENTURY**

Lakeville Middle School Clubs

The Lakeville Middle School Activities Department welcomes you to take part in many opportunities that are made available to you this year. The club opportunities range from the climbing club to the ski club. Some clubs are competitive in nature while others are strictly fun.

The purpose of the clubs is to give our students a wide range of opportunities for a variety of interests. The clubs offered are co-curricular in nature. This concept provides students with opportunities to experience learning outside of the classroom. Many clubs serve as an extension or supplement to the learning that takes place throughout the school day.

The three middle schools have different start and end times for the school year. For this reason, students may only attend a club that is offered in their own middle school, unless otherwise noted. Please watch for information regarding the clubs on the T.V. monitors, and/or your school's daily announcements for sign-ups and meeting dates.

The District 194 club fees are listed below, these fees go directly to the District 194 General Fund. Additional fees may be requested by the advisor and will go directly towards additional supplies and/or costs, these fees will be listed in the description portion of the club packet. You will need to set up a family profile using your child's school I.D. Directions on are on the M.S. Activities Website. Register here: <https://isd194.feepay.com/>

For more information about the middle school activities program, visit our web site at the following link or link through one of the middle schools main website: <http://isd194.org/middle-school-athletics-and-activities/>

Join the fun and get involved! The Middle School Activities Department hopes to make your middle school year's fun, educational, and memorable. Best of luck to you as you start your co-curricular journey.
