CMS /KT MS/ MMS	Futsal (Indoor Soccer)	Jason Popkin	jason@igotskills.com	Futsal, the fast-paced, skilled game of ball control, where greats like Falcao, Tiago, Pula, and Ricardino are king's. Many great players like Messi, Alexis Sanchez, Pele, Ronaldinho, Wayne Rooney, Cristiano Ronaldo, and Neymar started playing futsal first and admit their skill and control was developed through futsal, (a word that comes from futbol, and the Spanish word sala or French word salon meaning indoor). They showed what amazing, beautiful soccer should look like. Another thing these top players had in common was their true love of the game. Futsal helped them to love the game, the excitement, the challenge, and to be confident because they could have fun and be creative. You could see this in them every time they played.
