KTMS	Card	Meghan Scott	math1044@isd194.org	Do you love playing cards? Are you an avid Pokemon or Magic the Gathering fan? If so, Card Club is for you! Mondays.	208	6th-8th Grade	10/29/2018	3/18/2019	2:00 PM		https://isd194.feepay.com/	No
KTMS	Dynamix Show Choir	Deborah Mason	deborah.mason@isd194.org	Dynamix is a performance based show choir (think Glee or Pitch Perfect with less sequins and social drama). In the past this group has performed everything from medleys of "Moana" to "Dance Evolution" with moves ranging from the Twist to YMCA to Michael Jackson's Thriller. This group will be performing a few times during the year at retirement home venues as well as a probable performance at MOA in the Spring, as well as on the school choir concerts (concert dates are available on the district calendar). All singing abilities are welcome and encouraged! Mon/Thu	Choir Room	6th-8th Grade	10/22/2018	5/31/2018	2:05 PM	40 singers maximum for this group	https://isd194.feepay.com/	There will also be a sweatshirt fee of \$20-\$28 ... These sweatshirts are our performing uniforms.
CMS/ KTMS /MMS	Futsal (Indoor Soccer)	Jason Popkin	jason@igotskills.com	Futsal, the fast-paced, skilled game of ball control, where greats like Falcao, Tiago, Pula, and Ricardino are king's. Many great players like Messi, Alexis Sanchez, Pele, Ronaldinho, Wayne Rooney, Cristiano Ronaldo, and Neymar started playing futsal first and admit their skill and control was developed through futsal, (a word that comes from futbol, and the Spanish word sala or French word salon meaning indoor). They showed what amazing, beautiful soccer should look like. Another thing these top players had in common was their true love of the game. Futsal helped them to love the game, the excitement, the challenge, and to be confident because they could have fun and be creative. You could see this in them every time they played. KTMS	Science Olympiad	Brandice Gordon, Hap Stokes and Abigayle Rodstein	hans1355@isd194.org	This is a science competition team. Full team meetings occur after school once a week (Fridays) and students will be required to meet before or after school on other days for work in their chosen topic areas. A parent information meeting will be held in early October to discuss student and parent participation on the team. We attend regional, state, and national tournaments to compete in a variety of science and engineering events. Science Olympiad tournaments are rigorous academic competitions that consist of a series of team events, which students prepare for during the year. Plans are in place for this school year and a detailed explanation of the Science Olympiad is available at the Web site http://soinc.org . Come and join our award-winning team!
